

## STUDENT LOCKERS:

Starting on Tuesday, September 3<sup>rd</sup> students can access an application to select their locker online!

Go to the locker web site <https://mds.lockerassignment.com/>

1. **Login using your student number.** Use your initials and student number as the password. For example, if your name is “John Smith” and your student number is 12345, and your password would be “JS12345”. The password is case sensitive!
2. Please review attached zone maps and select your zone location.
3. When a selection has been made the available lockers will be listed. A locker entry that is **Green** is an empty locker, and a locker entry that is **Orange** has someone in the locker already.
4. Once you have selected a locker you will be shown the locker combination. You can login at any time to see your assigned locker and combination. You cannot change your locker through the online application.

## GRADE 9'S ARE REQUIRED TO SHARE A LOCKER

5. If you are required to share a locker and you know who you wish to have as a locker partner, then you and your partner will have to login and select the same available locker at the same time. It is important to plan and to be in communication with each other when doing this process as other students are also selecting lockers at the same time.
