- See your grade 10 math teacher for guidance/advice.
- Discuss your teacher's recommendation with your parents.
- The general guideline is that you should have earned a C+ or higher in Foundations and Pre-Calculus 10 to carry on in the Pre-Calculus pathway.
- Additional Math pathways are Foundations of Math 11 and Workplace Math 11.
- Remember that many post-secondary institutions have math upgrading available.
- Be sure to check post-secondary admission requirements.
- Be honest and realistic.

# MATH PATHWAYS at Mount Douglas Secondary

# Honours Math

## Mathematics 11 Must Choose at least 1:

[Foundations of Mathematics 11](#)

[Pre-Calculus Mathematics 11](#)

[Pre-Calculus Mathematics 11 Honours](#) - *Students will be selected based on "Teacher Recommendation" and "Application process"*

[Workplace Mathematics 11](#)

- Select math honours - if you are interested in being considered for the course
- Acceptance into math honours will be determined by the math department based on the application process and teacher recommendation
- Just because you are in math honours this year, does NOT guarantee you'll be in math honours next year
- A math honours class will run only if there is enough interest
- Additional information is available on the Mt Doug website

<https://moundoug.sd61.bc.ca/programs-courses/honours-program/>

# Math/Science combinations

These grade 11 math/science courses typically go well together.

MATH	SCIENCE
Workplace Math 11	Environmental Science 11 or Life Science 11
Foundations of Math 11	Envir Sc 11, Life Science 11 and/or Chem 11 (if looking at Nursing)
Pre-calculus 11 / Pre-calc 11 Honours	Chem 11, Physics 11, Life Science 11 and/or Envir Sc 11

# Science choices

	<b>Science 11 or 12 Must Choose 1: If you would like extra Sciences, use as elective selections on back of form.</b>
MCH--11---	<input type="checkbox"/> <a href="#">Chemistry 11</a>
MEVSC11---	<input type="checkbox"/> <a href="#">Environmental Science 11</a>
MLFSC11---	<input type="checkbox"/> <a href="#">Life Sciences 11</a>
MPH--11---	<input type="checkbox"/> <a href="#">Physics 11</a>
MATPH12---	<input type="checkbox"/> <a href="#">Anatomy &amp; Physiology 12</a>
MEVSC12C--	<input type="checkbox"/> <a href="#">Climate Change 12</a>

Many students will need to take more than one science course. Those interested in going into the science field will need to take both Chemistry 11 and Physics 11 (Life Science 11 is not required for most science fields but can be helpful). Those interested in nursing will need to take both Chemistry 11 and Life Science 11. It would be helpful to make a two year plan when choosing courses so that you can ensure you fit in all the courses that you need by the end of your grade 12 year.

# Planning ahead

It is recommended to make a two-year plan so you can look ahead to grade 12 to ensure you can fit the courses you need for graduation and post-secondary. Please do your own research as requirements can vary from university to university, but general requirements are listed below.

Humanities: English 12

Business: English 12, Pre-calculus 12, (Calculus 12)

General Sciences: English 12, Pre-calculus 12, 2 Science 12's (often Chem 12 & A&P 12), (Calculus 12)

Engineering/Physics: English 12, Pre-calculus 12, Physics 12, Chemistry 12, (Calculus 12)

Computer Science: English 12, Pre-calculus 12, (Calculus 12), and a Science 12

\* most Universities require a total of 4-6 academic 12's for entrance including the courses listed above. They will use your grade 11 marks as a placeholder until grade 12 marks are finalized. A list of academic courses offered at Mt Doug can be found [HERE](#).

# Languages

Bonjour

Hola

Ciao

At Mount Douglas, language courses are offered in French, Italian, Spanish and Travel Languages. Language 12 courses (French, Italian and Spanish) count as an academic 12 for university entrance. A language 9-11 is required for students applying to American Universities.

# CAREERS AND TRANSITIONS

- Opportunities: Work Experience 12, TASK, Auto Tech, Trades programs, Graphic Design and Fashion Design summer programs
- Explore TEAC 105 - An Engineering Sampler at Camosun for Sept or Feb start. After school on Fridays.

See Ms. Dawson or Mr. Verhagen in the Career Centre

# Rams Football and Cross Training

All Football team members for the 2026-2027 season will be in a year-long PE/Cross training course. This will take the place of two electives for grade 11 students (Active Living 11 and Cross Training 11). Football players should choose Active Living 11, Cross Training 11 and 1 other elective.

# Grade 11/12 Electives

(back of course form)

Electives – Select 3 courses total and rank in order of preference (1, 2, or 3) and choose 2 Alternates total (write A1 or A2 in ranking column).

*If you have already completed CLE10, choose a 4<sup>th</sup> elective*

# Elective choices

Some electives, you chose based on your grade level. If you are grade 11 age, you take Woodwork 11, regardless of your skill level. This applies for all PE courses, all tech ed courses, guitar, art, media design, drama, dance, film & tv, food and textiles.

Other electives have prerequisites. AI & Game Design 11 must be taken before AI & Game Design 12. Similarly for photography, accounting, languages, computer, math and science courses.
